PARENT WORKSHOP

Putting Youth in the Picture – An honest approach

Dear Parents and/or Guardians,

As a parent, the legal consequences of alcohol abuse, sexual assaults, illicit drugs, violence, social media and illegal use of technology can be challenging to raise and discuss with teenaged children.

Brighton Grammar and Firbank Grammar are hosting a free Parent Workshop, *Putting Youth in the Picture*. The workshop is presented by lawyer Adair Donaldson and will provide parents with strategies on addressing legal issues affecting young people such as hosting teen parties, underage drinking and drug use.

Adair has presented workshops to thousands of students, parents and athletes over the past 10 years and is the creator of the acclaimed preventative law resource, *Putting Youth in the Picture*.

He will be speaking to all students from Years 10–12 during school on Wednesday 18 March. Parents can hear Adair give invaluable insight on their legal responsibilities at the free Parent Workshop, details below.
