

THE OAK ONLINE CO-CURRICULAR

With our archetypes of Carer, Magician, Sage and Warrior in mind, our online co-curricular offerings are inclusive, engaging and agile. We will respond to our boys' needs and interests and create flexible engagement within our community that supports us all through a very challenging time. Now, more than ever, the ability to be active, creative, innovative or learn something new will maintain our balance as people, families and a community. Our co-curricular programs are strengthened by our families and it is their inclusion that will make them most rewarding.
