

FIRBANK
GRAMMAR

CYBER SAFETY SESSION

Parents of Firbank Grammar and Brighton Grammar are invited to attend a Live Teams parent information session focused on cyber safety, presented by former member of Victoria Police, Susan McLean.

Earlier this year, Susan's presentation to Firbank students was well received, and we would now like to offer parents this same opportunity to benefit from her cyber safety knowledge and expertise.

Serving as a member of Victoria Police for 27 years, Susan is one of Australia's top experts in cyber safety, widely known as the 'cyber cop'. Susan was the first Victorian Police Officer appointed to a position involving cyber safety and youth.
